Creo que podemos quitar “Run Calculation”, porque en el otro puedes ver mas información que puedes cambiar.

Cambia el status “Draft” por “in Calculation”
Que significa el codigo que esta en Warehouse, Forwarder, Ocean Freight, Created By.

Quitar la opción de “+ Add Charge” porque no hay gastos extras.
Puedes también quitar la línea de “Ship Charges (THC, etc.”
Quitar la línea “No Ship charges added yet”

Tambien un Excel Sheet con los camios para ser importado en VIP:

Mira el attachement:

Cambios para el futuro cuando los allowed margins del 11010 y el 11060 estand listos.

Habran 2 allowed Margins:

Para el 11010 y el 11060.

PR01 y PR06 van a ser calculado con esos 2 margenes.

Aquí uno puede cambiar el margen a manoi.

Si eso sucede y es menos del allowed margin, hay que salir un mail al manager de ese cambio.

El manager va a entrar en el modulo y el va a aprobar el cambio para seguir.
