

**AANKOOPBON:**

**AB\_PRODUCTS:**

En la lista, el producto me dice como Cost Type, "Parts"

| AB Products |           |                              |           |      |          |        |         |
|-------------|-----------|------------------------------|-----------|------|----------|--------|---------|
| 50 records  |           |                              |           |      |          |        |         |
|             | ITEM CODE | DESCRIPTION                  | COST TYPE | UNIT | UNIT QTY | STATUS | ACTIONS |
| 1           | 3TIRES    | 3 TIRES                      | Tires     | PCS  | 1        | Active |         |
| 2           | A         | AUTOMATIC TRANSMISSION FLUID | Parts     | CASE | 1        | Active |         |

Cuando lo selecto en edit, esta vacio./ Hay que cambiar los "Cost Types" a mano para que cuadre
